Robert J. Spennato, DMD

There are certain people who strive for excellence in everything they do, constantly looking for ways to improve even though their current standards exceed what others expect of themselves. Dr. Robert J. Spennato is one of those individuals. As passionate about patient comfort and satisfaction as he is about the artistry of his dentistry, Dr. Spennato has devoted himself to setting a higher standard in his field.

A native of Springfield, Dr. Robert J. Spennato graduated from Springfield High School in 1981, after which he earned his B.S. in biology from Ursinus College. After receiving his DMD from Temple University School of Dentistry in 1989, Dr. Spennato completed his post-graduate training at Emory University in Atlanta, Georgia.

Dr. Spennato is a recognized and respected authority in the cosmetic/aesthetic dentistry field, having completed training at the renowned Las Vegas Institute (LVI) of Advanced Dental Studies. His level of cosmetic training at LVI puts him in the top 1% of cosmetic dentists in the world. He has performed hundreds of smile makeovers including Philadelphia's own Pat Croce, Flyers legend Brian Propp, Philadelphia

Sports Radio Personality Anthony Gargano and 1210 WPHT morning show host Chris Stigall. He also trains other area dentists on the latest techniques in cosmetic dentistry. Dr. Spennato's motto, "Change Your Smile, Change Your Life," resonates in every patient's unique experience.

Dr. Spennato also offers oral sedation dentistry, the use of oral medication during dental procedures. It is a safe and effective technique that has been used successfully in mil-

lions of patients who may have anxiety or phobias, require extensive procedures, or who simply can't sit still. Dr. Spennato received specialized training and certification from the highly-regarded Dental Organization for Conscious Sedation (DOCS).

Through the use of sedation, Dr. Spennato can make your

dental experience a pleasant one and help you achieve better dental health. Just about all general and cosmetic dentistry procedures can be performed under sedation. Due to the sedation, patients usually have no memory during or after their dental treatment along with no fear or anxiety. His office utilizes the most up to date monitoring equipment and Dr. Spennato and his team are trained in CPR and basic life support.

Dr. Spennato is a member of the American Dental Association, the American Academy of Cosmetic Dentistry (AACD), the Academy of General Dentistry and the Chester/Delaware County Dental Society.
