PATTY WHITE

Patti White, the owner of a PuroClean franchise, has been in business since 2009. PuroClean is a fire, water, mold and biohazard remediation and restoration company. As a homeowner, if you experience a broken washer hose that floods your basement, a leaking ice-maker that damages your hardwood floor, a fire in your kitchen, or you need to remove bat guano from your attic, PuroClean will be there for you. For business owners, if you get mud in your business from a rising

creek, experience a sewage backup, or have mold growth resulting from a leaky roof, PuroClean is a call or email away. If you are a business owner and would like to have a step-by-step guide to emergency planning, Patti offers you the opportunity to collaboratively prepare a disaster response guide.

While PuroClean is hired by the home or business owner, insurance companies know the PuroClean name. PuroClean and your agent work together to make your home comfortable once again or get you back in business quickly. Numerous Chester, Delaware, and Philadelphia County residents and business owners have

experienced the quick response of PuroClean and have provided Patti White's PuroClean with an excellent service endorsement.

Patti White has been a Delaware County resident for over 25 years and a Springfield resident for over 11 of those years. She has considerable experience in emergency mitigation and remediation. Much of Patti's knowledge and experience comes from leadership positions in operations and facilities management for organi-

zations such as UPS (Logistics and Transportation), Drexel University (University Housing and Business Services) and in human services employment and training operations.

Patti's desire to help people in need and proven ability to manage people, places, and things in a crisis situation led her to becoming an owner of a PuroClean franchise. She sees her work as more than remediating damage; she sees it as helping people in their times of need. This drives her to excellence and has resulted in her gaining the trust of customers who recommend her to others. This allowed her to become one of the top 10% PuroClean franchises in

growth in 2011.

Patti is certified by The Clean Trust, formerly known as the Institute of Inspection Cleaning Remediation Companies (IICRC). In addition, her PuroClean franchise is also listed on the registry at The Clean Trust formerly (IICRC). Patti also requires all of the technicians who could potentially enter your home or business to complete the training and obtain IICRC certification as well. Her business is fully bonded and insured and is certified as a woman-owned business through the Women's Business Enterprise National Council.

PuroClean franchises are independently owned and operated. Be sure to clip Patti's PuroClean information below for quick future reference and feel free to ask for your neighbor - Patti White - by name if you ever need to call or email. Patti and her team will quickly respond to remediate the problem so you can soon forget it ever happened. Please visit Patti's PuroClean web site for even more information.
